GREENHOUSE STRUCTURES, GLASS GLAZING, POLYCARBONATE, CONCRETE, AND CISTERNS.**

### DANGER - PELIGRO

Keep out of Reach of Children. Read Label Before Use

FOR COMMERCIAL USE ONLY

GreenClean Alkaline Cleaner is a high alkaline, heavy duty foam detergent containing a balanced blend of chelants and surfactants for effective removal of the toughest soils.

An excellent detergent that produces thick, rich foam for extended contact time to remove soils in all types of food processing, dairy, beverage and poultry industries.

**USES:** Use on stainless steel and concrete surfaces in food production facilities, warehouses and greenhouses. Not recommended for use on soft metals and painted surfaces.

**DIRECTIONS FOR USE:** Dilute 4–8 fl. oz. of GreenClean Alkaline Cleaner per gallon of water and apply to soiled surfaces. Allow cleaner to dwell for 10–15 minutes and rinse away detergent and soils with clean water. For food processing facilities, following rinse, disinfect lines and equipment with 1:256 solution of SaniDate® 5.0 with a 10 minute contact time.

Contains  
Sodium Hydroxide..... 1310-73-2.....<10%  
Sodium Tripolyphosphate..... 7758-29-4.....<3%  
Proprietary Blend of Surfactants
